Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottles and wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for expectorant and general tonic purposes than the principles used in them, viz., pure fruit juice.

This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and general derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if it is used perseveringly. In Chronic Catarrh of the nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hacking coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

MRS. THAW'S DIVORCE SUIT.

Evelyn Nesbitt Thaw, through her counsel, Delano Reilly, will file suit in the Supreme Court of New York today for the annulment of her marriage with Harry K. Thaw, now in Mattawan State Hospital for the criminal insane, on the grounds that he was insane, on April 4, 1906, the date of her marriage with him. When the case comes to trial, and it will be contested, according to the word of A. Russell Peabody, Thaw's attorney in the action, Evelyn Thaw will take the stand in her own right to testify against her husband.

The announcement of Evelyn Thaw's determined action was made last night by Dan O'Reilly, after a brief consultation with Mr. Peabody.

According to Mr. O'Reilly, the coolness between Harry Thaw and his wife began during the middle of Thaw's first trial for murder. It became more and more strained during Thaw's incarceration in the Tombs between his two trials, and when he was again called before the bar this year Evelyn Thaw went through her part in testifying for him out of some sense other than undivided affection. This breach was in no sense due to the aloofness between the prisoner's family and his wife, said O'Reilly, but it was a personal matter between Harry Thaw and Evelyn Thaw which could not be made public.

"If they are not reconciled at the last minute," said O'Reilly, "the cause of the trouble between them will be explained in due time."

TO PRAY FOR HUSBANDS.

In a circular letter addressed to the rectors of his diocese Bishop Colton, of Buffalo, N. Y., urges all the unmarried spinsters of marriageable age to pray to God to send them suitable partners.

The letter was read in all the Catholic churches of Buffalo at all services last Sunday.

After impressing on all his parishioners that it is the sacred duty of all who do not intend to enter holy orders to get married, the bishop urges that they conscientiously consider the proposition and pray for divine guidance. The bishop's action is in pursuance of the following recently promulgated by Pope Pius X:

"It is timely to remark that persons of marriageable age, and who feel no vocation to the religious life, should conscientiously consider the advisability and the duty of entering the married state (for duty is surely for the larger part of the human family), and for this reason they should pray God to send them suitable partners and direct them in their choice, for matrimony is a sacrament and brings the blessings of God on those receiving it in the state of grace and who live in it in a Christian manner."

PARALYZED FROM DANCING

With the lower part of her body paralyzed from excessive dancing, Miss Mary Oiler, twenty-six years old, of Williamsburg, N. Y., is a patient in the Eastern District Hospital. She was taken there early Sunday from a hall.

On Saturday night she attended an entertainment, followed by a dance, and for three hours she whirled around the floor. When the band struck up another waltz Miss Oiler tried to rise from her seat. She was unable to move and became hysterical.

A call for an ambulance was sent to the Eastern District Hospital, and when Dr. Ogden, the surgeon, examined the young woman he found her legs were paralyzed. Her condition caused a lot of excitement in the hall. Several girls fainted and were treated by the ambulance surgeon.

The hospital physicians were puzzled over the young woman's condition. An examination convinced them that it was brought on through an injury to her spine due to excessive dancing. She is in such a nervous state the doctors fear she may not recover.

Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take. Sold by W. F. Creighton & Co.

EGG MEASURED 9 INCHES.

Miss Rebecca Showalter, the daughter of Jacob Showalter, near Port Republic, went out to the hen house the other evening to gather the eggs and found to her surprise something unusual in the shape of a monster egg lying in one of the nests. It measured nine inches around in one way and seven and a half the other. When broken it was found that the big egg contained the usual white and yolk, and, in addition, another egg of ordinary size, shell and all. A peculiarity of the compound egg is the fact that both ends were shaped alike. It weighed about half a pound. (Harrisonburg News.)

THE QUESTION.

The question of the hour is not, "How many cards?" nor "What's got?" Nor "What is yours?" nor "Will you be a true and loving wife to me?" The question's not of weather, not if it is cold or it is hot. Enough for you, not of your bills; Not of your sins, not of your bills; The question's not, "How old is Ann?" Not a new and better plan For a postoffice; All of these The gods may still hold on their knees And we'll not care, nay, not at all; Nor when we'll start to playing ball; The question is—It's the real thing— "Can we make this unit last till spring?" —Houston Post.
